NOTICE – ALL PARTICIPANTS on Launch & Recovery:

- It is your responsibility to leave the dock in time to make it to the race course. We race anywhere from one half mile, and up to 4 miles from the launching site, so please consider this when you make plans about getting to the race course.
 - We launch boats for 90 minutes on Saturday and 60 minutes on Sunday morning for your convenience. The assisted launching ends 30 minutes prior to the posted starting time of the first race of the day. If you want to launch before then, or after then, please do so using your own vehicle.
 - We like to provide assistance in launching and recovering the boats in the West Ramp parking lot and ramp area. This is to be helpful and to minimize the number of vehicles in the launch area. If you want to launch with our assistance, please consider that we cannot put 40 boats in the water during the last 15 minutes of the launch time window.
 - We enjoy assisting in the recovery of boats following the end of racing on Saturday and Sunday. Boats will be pulled by our recovery team for 90 minutes following the end of racing. Recovery after this period will be by use of your own vehicles.
 - If you come in before the end of racing, plan to use your own vehicle.
