**Boat Storage (Gated Dry Sail Area)**

When you turn onto Marina Drive, make your second right into the gated Marina area. You will need to sign in at the guardhouse and indicate the days that you are sailing and nights that you are leaving your boat at the marina. The guardhouse will direct you to the area for rigging and parking. There is limited parking in the gated dry sail area, so you may need to move your car to the outside lot after dropping off your boat. Any questions, please contact Carl (703.472.4550).

**General Parking**

The marina is located on National Park property, and all National Park Service rules apply. All cars parked in the lot outside of the dry sail area are to park front end in (warning the Park Police will ticket!). Please do not park in “20 min only” designated parking spots near the wet slips. Please do not block or park in front of other people’s boats.

Overnight Parking. The park is closed between Midnight & 6:00 AM. Cars that need to be left at the marina overnight should be behind the gate in the dry sail area.

There are 3 different lots for parking (see Marina Map---areas marked with yellow stars).

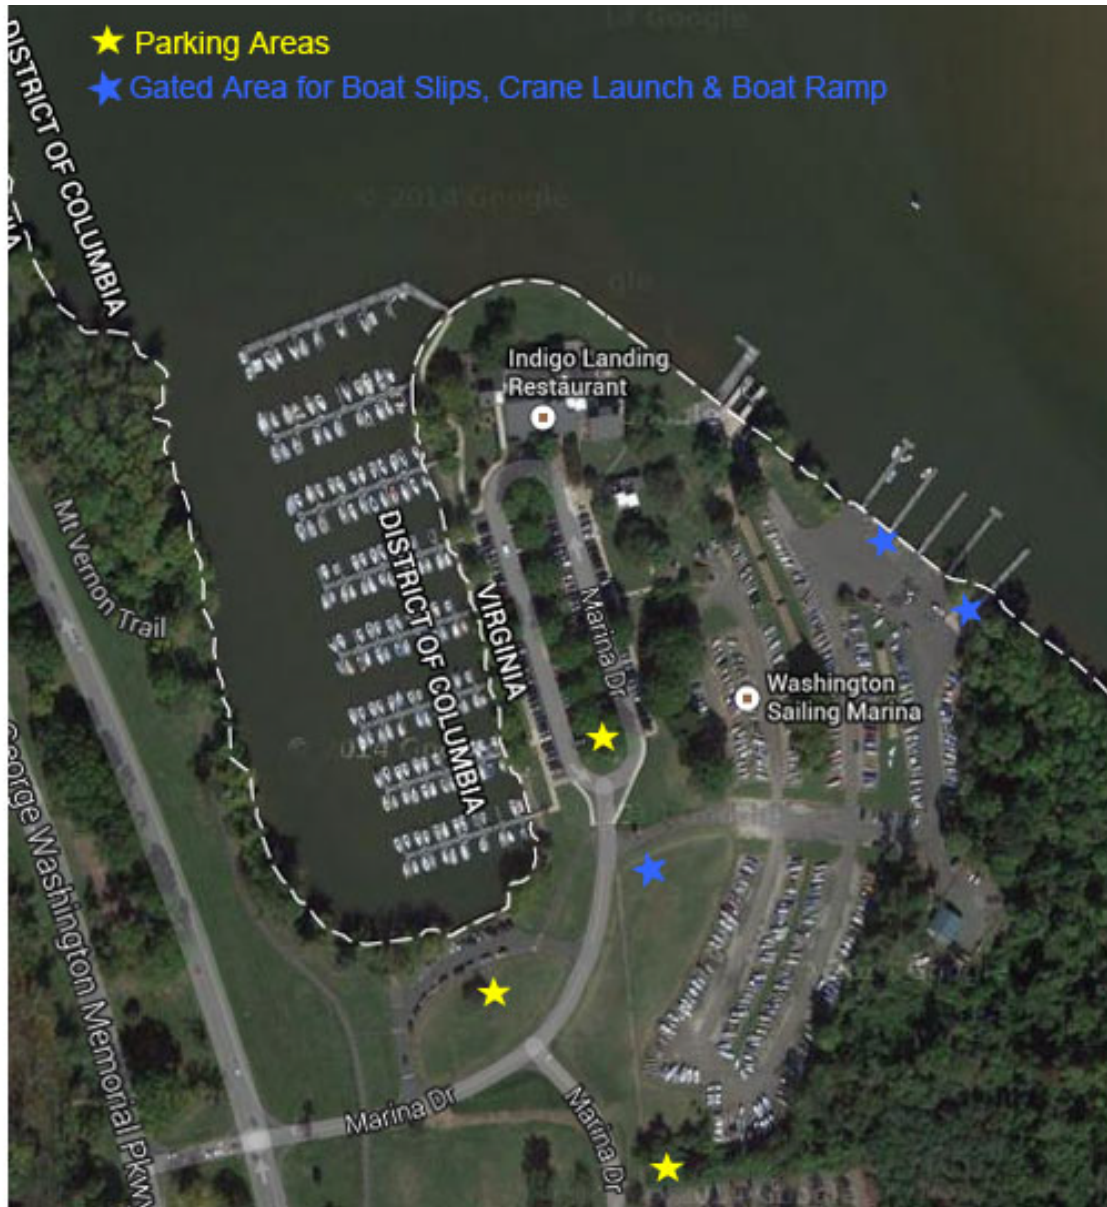

Area 1---When you turn onto Marina Drive, continue straight towards restaurant. There is a loop with parking on both sides.

Area 2---When you turn onto Marina Drive, make your 1st left. There is a small horseshoe area

on the left where there is parking.

Area 3/Overflow Parking---When you turn onto Marina Drive, make your 1st right. There will be a large overflow parking lot.
