

# Ready To Regatta Optis 2016

The Oshkosh Yacht Club along with other ILYA (Inland Lake Yachting Association) member sailing schools provide regatta experiences to enhance the youth sailing experience. For the most part, regattas are divided into fleets by color just as they are in your sailing classes.

Each of these regattas offers not only great off lake sailing experiences, but build lasting friendships, team spirit and enhanced racing skill sets which reinforce skills learned in the class.

The OYC will provide adequate coaches and with the assistance of able parents, will coordinate to be sure that all skippers who would like to attend are able to. The OYC Optis are used for the regatta experience. We have a six boat Opti trailer and are ready to travel. Parents and siblings are always welcome.

While competition is important, the most important part of this experience is personal growth and FUN. We urge your child to be part of this experience.
