

Hello Racers and Crews:

I need to rescind the last email regarding transportation by the Island harbor patrol.

The club has advanced the Harbor Patrol a sizeable sum for a package deal as in the past, but is unable to secure unlimited rides.

After 150 one-way rides the Harbor Patrol will charge \$4.00 a head for one way transport to or from the dock.

Please be patient, make use of the free club whaler rides or if possible use your own tender. We will attempt to have more than one tender on the water.

Sunday the principal transport will be the club whaler as the harbor patrol is not on station. The times are the same: Harbor patrol until 10:30 Saturday night; club whaler until 10:30-11:00 Saturday night.

Sunday club whaler is available until about 10:30 a.m.

I apologize for this error; free harbor patrol transport for Cat Harbor participants has been a done deal for years.
