

MELBOURNE YACHT CLUB
2017 Spring Regatta Small Boat Weekend
NOTICE OF RACE
Amendment One - 3/27/2017
April 22-23, 2017

In addition to the MYC facilities at 1202 East River Drive, launching and weekend storage of trailers will be available at the Florida Institute of Technology's Anchorage Facility at 1216 East River Drive.

A detailed plan and map will be E-mailed to registered entries several days before the regatta. It is anticipated that except for boats already stored at each facility. All boats will be directed as follows:

Aero, Laser, and Sunfish classes will launch and haul from FIT. Trailers may be parked inside the gates for the weekend and cars may be parked in the lot across the street or on the front lawn as directed by the attendants.

The 420 and O'Pen Bic classes will launch and haul from MYC. You will be directed on where to leave your trailer and park by attendants at the club.

Portsmouth class boats that can launch from dollies should plan on using the FIT facilities. If your boat requires a car to launch, you will need to use the Front Street ramp. Contact the regatta chairman for information on trailer parking. You may dock your boats along the FIT sea wall for the competitors meeting.
