Boat Ramps and Parking

The ramp in downtown Sanford has six boat ramps for power boat and larger sailboats. There is also a small boat ramp which is wide enough for two vehicles to be on the ramp at the same time. The small boat ramp is located on the East end. Please stage your boats in the trailer parking areas and then bring your boats to the ramp to keep the ramp open as much as possible for other sailors to put in or retrieve their boats with ease.

If you would like to keep you boat in the water overnight, please call the Marina to arrange a slip.
