

Help Us Make West Marine Fun Regatta a Clean Regatta!

Dear Sailors,

This year, we are working with Sailors for the Sea, to make West Marine Fun Regatta a certified Clean Regatta. By doing this, we will reduce our impact on our Monterey Bay Sanctuary and our environment. Here are a few simple things we ask you to bring and do.

1. Please bring your **filled reusable water bottle**. Water refilling stations will be provided.
2. Keep all trash and recycling contained in their proper bins. If you eat on the water, keep your trash out of the Bay.
3. On the water, if you are done with your lunch or if you have other trash in your boat, feel free to give one of our support boats a wave as you sail up and they would be happy to take the trash off your hands.
4. If you see trash floating as you sail to and from the course, please pick it up.
5. Think about your impact on the environment. Be smart and don't do anything that may hurt our Bay.

Doing these things will help reduce the amount of plastic bottles used for the regatta, keeping trash out of our landfills and Bay.

Thank you for your cooperation and good luck on the water.
