The Sandbagger Series races overall ranking will be scored using the Portsmouth handicap system.

The winning boat for each race based on the adjusted times will be scored at 100%. Other finishers for that race will be scored as a percentage of sailing to their Portsmouth rating as compared to the winning boat.

The races that will be used to determine each entrant's Sandbagger Series final average for the overall awards will be its top races equal in number to 50% of the races actually conducted in the Sandbagger Series.

Any entrant sailing less than 50% of the races will not be scored for the series awards however their results in individual races shall stand.

The only exception to scoring the series award is one bye per day of racing (not per race) for registered entrants serving personally as race committee or Principle Race Officer (PRO) for that day.

For these skippers, if 11 races are conducted (as above) the scores for skippers serving one day as race committee will be the average of their top 5 finishes.
