

Go to [this link](#) if you already have a shared page but you are looking for the URL link

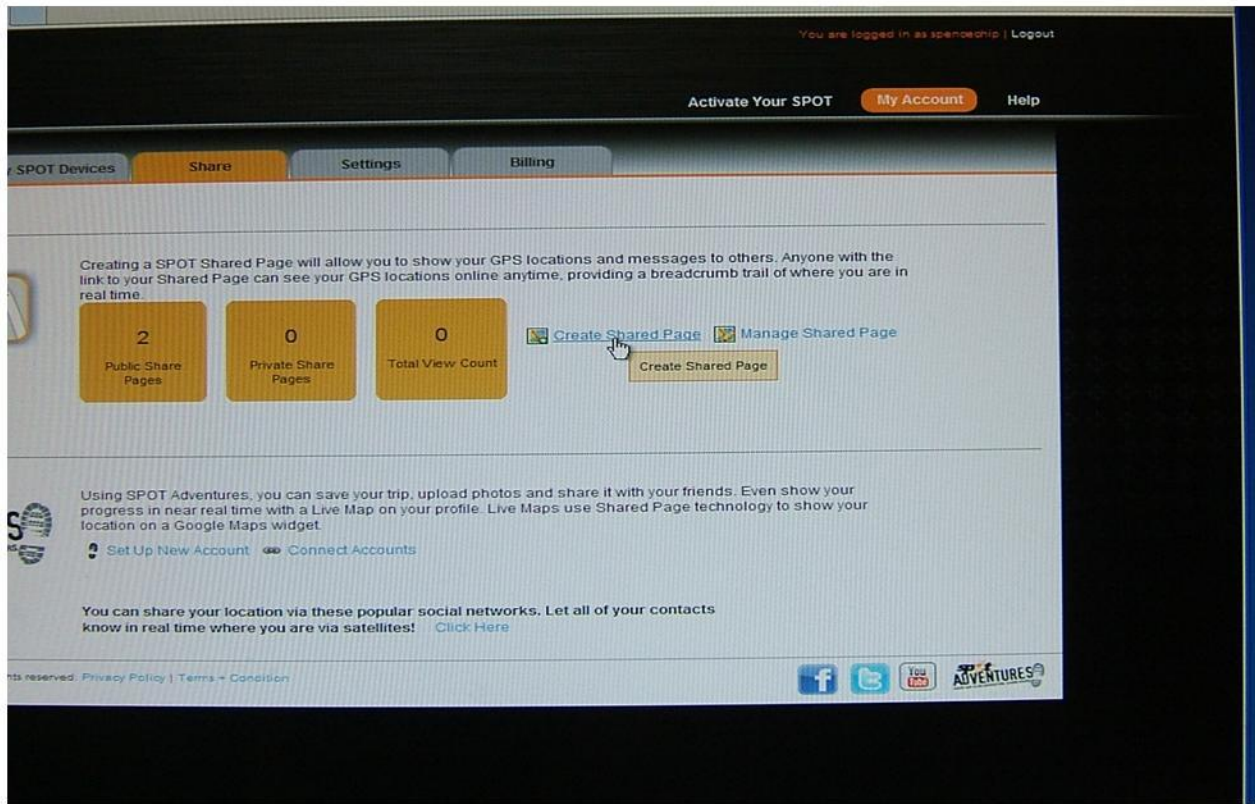

1. Log into your spot account

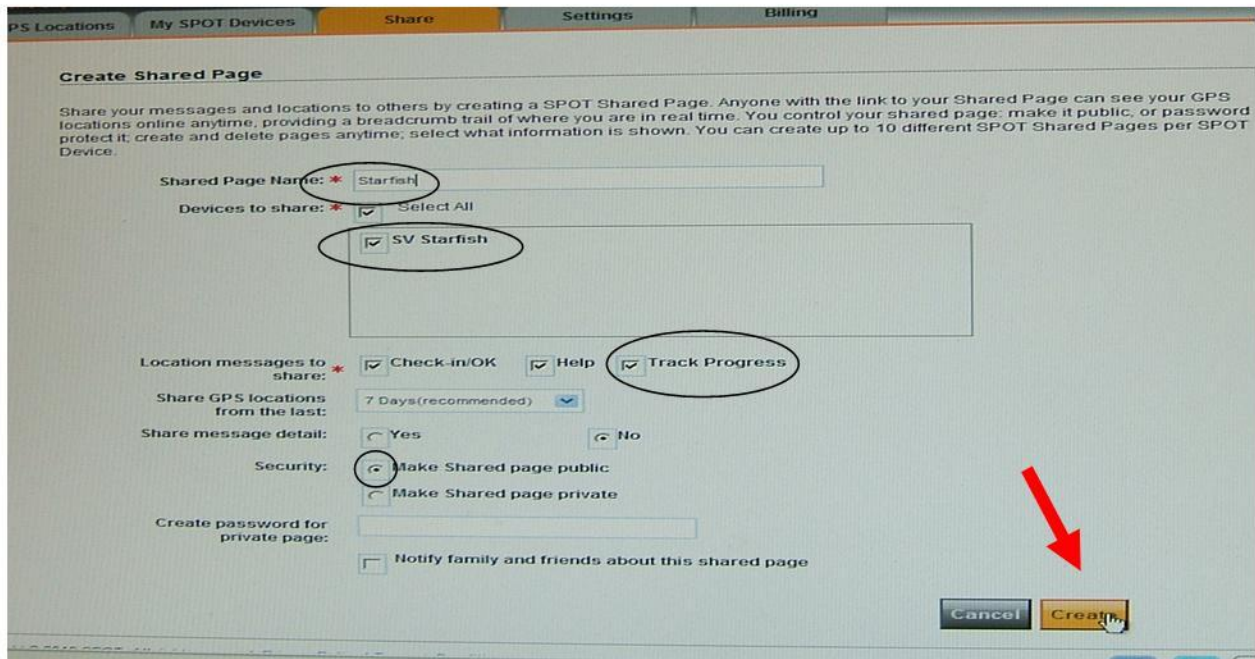

2. Click on "Share" tab

3. Click on Create Shared Page

4. Name your shared page. Select the device and track options including **Track Progress & Make Shared Page Public**. Click "Create."

5. Your Shared Page Link should appear in a box. Click on the link to highlight it and then copy. Paste the copied link into an email to send to share or to add to the Google docs form provided by the race committee
