

LEHYC is looking forward to hosting the Laser ACC's on June 8th and 9th, 2013. We're still here after Sandy. Its been a long winter and a ton of work but our facilities are in top shape and ready for the premiere regatta of your 2013 season.

Registration is now live on [Regatta Network](#). Its a little later than we would have liked so please get your friends to register so we can build the numbers as quickly as possible. While you're at it "Like" us on [Facebook](#) and tell us you're coming!

The first 50 registrants, regardless of fleet, will be entered in a drawing for some great laser goodies so register early.

Hotels are open and looking forward to a great season. Here is a [list](#) of options for the weekend of ACC's.

NOR is posted [here](#).

We have a great dinner planned on Saturday **included** in your registration fee. Additional tickets are available for friends, family, coaches, etc. You can pay for additional tickets when you register.

Despite the damage at the shore make no mistake LBI is open for business. Our island and its scars may take a few years to heal but 100' off the dock the bay remains the same. Come to LEHYC for the wide open water and consistent early summer sea breeze that makes for a great regatta. Put the ACC's on your calendar and help us make the 2013 ACC's one for the record books.
