(use another sheet if necessary)  
Prior to the start of race 3, we observed a crew member and (Spartan). Vale started the race prematurely and, within 100 yards, we saw that the crew was still in the water at a long distance from Spartan (approx. 75 yds). We fired our jib and they returned to the pre-start area until the chase boat arrived and assisted. We re-deployed our jib and returned to the race course.
