

LYC 2016 Fall Laser Program

The Lauderdale Yacht Club is proud to announce the opening of registration for the Fall 2016 Session of its Junior Laser Program. The LYC Laser Program has been a huge success offering ocean sailing with two supported teams. New this fall is the 4.7/Radial Tyro Team and a structured fitness program.

The venue for practices will be the Atlantic Ocean off the coast of Fort Lauderdale. The multiple reefs along with varying wind speeds and direction create an enormous variety of waves and conditions that make it one of the greatest laser venues in North America.

OCEAN TEAM

The Ocean Team will begin on September 3rd and end on December 30th. Coached by past US Sailing Team member John Casey along with top guest coaches, this team will focus on improving skills and strategy. This team is not a learn to sail program and all interested sailors will need to complete the online application. All sailors must have sufficient dinghy experience to be considered for this team. This program will be supporting six regattas during the fall session. They include Cressy Qualifier, Gulf Coast Champs in Texas, CGSC Halloween Regatta, Naples Cup, District 13 and Orange Bowl International Youth Regatta. Session fees include practice days and supported regattas. Registration, application and calendar available on Regatta Network.

Note: limited support for full rigs at regattas
