All coach and spectator boats must be registered and have a working VHF radio capable of communicating on channel 69. Only registered boats will be allowed to dock at the Yacht Club.

A diver down flag is a red rectangular flag with a white diagonal stripe. It may be displayed from a boat or an inflated device. When observed, keep well clear and travel at idle speed.

There is a heightened level of security in Port Everglades so when transitioning through Port Everglades it is important to follow the course laid out below. Do not go under the west span of the 17th Street drawbridge, use the East span. Stay on the East side of the port basin. In the main channel, stay to one side and avoid all ships. Obey all directions of law enforcement and the Coast Guard.
