

2020 Summer Sailing Camp

Since 1992, the USSCMC Junior Sailing Program has provided area youth with the skills to enjoy and explore the waters. From reading winds and tides to knot tying, tacking and the importance of team work, USSCMC instructors not only teach young sailors everything they need to know to sail safely, but they also instill in them a sense of confidence which remains with them for the rest of their lives.

Thousands of youngsters have gone through the USSCMC Summer Sailing Camp over the years, and much of the program's success can be attributed to the skill, enthusiasm and dedication of USSCMC's instructors. Many current instructors began as junior sailors themselves and are now passing their knowledge, experience and passion for sailing on to the next generation. All camp sessions are taught by certified US Sailing Instructors.
