

Hobie Wave Camp June 7 – 9 2019 Clear Lake, Iowa

Hey there Wave sailors! Come sail with us!

Would you like to cram a season's worth of racing starts and mark roundings into a single weekend?

Want to improve your boat handling?

Would you like the chance to perfect your tacks and gybes? Saving a second per tack could put you 10 seconds ahead at the end of a race.

Would you like to meet a group of competitive, friendly sailors from all over the US?

How about the chance to try different settings, trims, setups, techniques, and strategies, and learn how it affects the boat?

Is your deepest desire "to become one" with your boat, to gain confidence, boat handling skills, and racing experience?

Want to scope out the competition for Nationals?

Well, Wave Camp is definitely for YOU!

Based on the Rick White style sailing seminar, participants can experience the Hobie Wave racing environment through short sailing drills. Each drill begins with a start, and is designed to be both fun and educational. All Hobie Waves are welcome.

On the water drills during the day are followed by video playback, critique, and discussion during the evening. Sailors will share their camp experiences, successes, failures, and techniques in a friendly setting.
