Seaweed USA 1938 bow #30.

Tomorrow morning (Saturday) one of my crew Alex Aubrecht (76 kg) will be taking a final exam starting at 9am and depending on how long it take him will miss the first 1-2 races. Jo Grady (47 kg) will be substituting in for him.

Possible options include having someone in a power boat pick him up and run him to the race course for a crew swap. Or if we can make it to a lunch break we may have enough time to put the motor on and pick him up from the dock.

Thank you for your understanding. Let me know what options work best for you or if you have any better ideas.

Best,
