Scoring Notes

A qualified boat must compete (i.e. come to the starting area) for 67% of races

Series score is calculated by dividing the sum of her race scores by the sum of the points she would have scored if she had placed first in every race in which she competed

Boats that compete in a race, including any that finish and thereafter retire or are disqualified, will score 0 points

Boats that do not compete in a race (DNC) will not be scored
