

Laser Masters Regatta Attendees

TRAILER/TOW VEHICLE PARKING INSTRUCTIONS

We are asking that regatta attendees comply with the following parking rules while here during the entire Laser Masters event:

- **Large/Multi-Capacity trailers** can park in public boat ramp site just north of the Center in deep spaces along fence next to Sailing Center property. Park tow vehicle with trailer in the same space.
- All **Coach/Support/Spectator type boats/trailers (non Laser)** can be parked in a “deep” parking space at the public boat ramp. While your **Coach/Support/Spectator** type boat is on the trailer or in the water, back trailer in and park your vehicle in the same deep space for the entire regatta. When arriving each am, again park your vehicle with your trailer in the same space.
- Smaller **Single Trailer Laser types** are to be parked in the lot (#4 on map) across (west) from the boat ramp **ON the GRASS PERIMETER** separated from the tow vehicle, the latter which can then be parked in that same lot on the “hard surface” or at the Mansion lot (#1 on map) just south of the Center building.
- All other **Single Vehicles** attending the regatta must park in either the south Mansion lot (#1) or the lot (#4) across (west) from the public boat ramp.

Absolutely **NO SINGLE VEHICLE** parking will be allowed in the public ramp – any vehicle parking in the ramp area **MUST** be matched up to a Multi-Capacity or Coach/Support/Spectator type trailer in the same space. Absolutely **NO OVERNIGHT CAMPING** is allowed in **ANY** lot or on USSCMC property!

Coach Boat Allowed
outside of ramp

Race Committee Boats Only
No Coach Boats at
USSCMC Dock
