

2020 Series Amendment 1 to the NOR

Some PHRF AA boats cannot safely finish on the same finishing line as the other classes.

For this reason, PHRF AA boats require a finishing line outside of the MDR harbor.

PHRF AA courses will be .2nm shorter than the course sailed by the other division boats.

PHRF AA Course A will be 22.2 nm long and course B will be 12.8 nm long.

Race 1 will not be eligible for scoring PHRF AA boats for the William Berger Series Perpetual Trophy. This changes **NOR 5.4**.
