

AYC Sailing Center and Marina Guidelines

Dockmaster Hours:

Monday – Wednesday 0900-1700

Thursday – Sunday 0900-2000

VHF Channel #73, Dock Office Phone 410-320-4304 or dockmaster@annapolisyc.org

Waterfront Staff will monitor all 3 marinas and the SC grounds throughout the day to continue to engage with members while ensuring suggested guidelines are being upheld.

- **On AYC property including marinas, launch areas and parking lots members should continue to follow suggested social distancing & PPE guidelines.**
- **Masks must be worn when coming within 6' of AYC staff.**

Facilities: Member Access to Sailing Center

- Sailing Center Locker Rooms are available 24/7 with an AYC Member access card – paper towel dispensers have been installed outside of the locker rooms to use when touching the exterior door handles prior to entry. **Face coverings must be used inside of AYC buildings.**
- Administrative Offices at the Sailing Center will remain closed until further notice.
- Junior Fleet Opti Shed will remain locked – Junior Fleet staff are available 9am-5pm M-F to grant access.

Guidelines: Sailing Center and Marinas

- Per State Guidelines effective at 1700 on May 15, 2020 – no more than 10 people on a boat including Captain and crew. Vessel and boat races are authorized so long as no more than 10 people are in a gathering at one time.
- **Members should avoid congregating and maintain 6-foot social distancing**
- **Handwashing stations will be set up at the Annex and Sailing Center for member & guest use.**
- No rafting up to keep distance between boaters.
- Pump out should be done with wearing a mask and gloves. All surfaces will be sanitized after each use. **(Please contact the Dockmasters office if you plan on using the pump out station on E dock so we may sanitize after usage).**
- Once in the water, members should head off the dock as soon as possible to keep the flow of operation smooth and limit the number of members & their guests. gathered in one area.
- Members who dry sail should keep staff hours in mind to ensure they return to dock in a timely manner if they wish to be hauled that day.
- Initially two hoists will be made available for members, the 3-ton hoist near 5th street and a 2-ton hoist. This will allow staff to manage the number of boats being launched and limit the number of staff/members operating hoists while allowing for the controls/lines to be disinfected on a regular basis.
