

## Appendix C

### TRACKING SERVICE AND SET UP

1.1. The Kattack tracking service will be used to track all boats during the race. Each boat will have to set up their own tracking device such that data/position information can be relayed via satellite service link to Kattack. Set up information is located at <http://wp.kattack.com>. Once the Kattack set up has been completed and testing has occurred to ensure proper operation, the shared page URL shall be sent to [jmbingham395@gmail.com](mailto:jmbingham395@gmail.com).

1.2. Willful tampering, disabling, or shielding of a boat tracking transponder may be grounds for protest.

1.3. A link to Kattack tracking will be placed on the Mobile Yacht Club website showing race entrant positions and progress for viewing by all interested parties.

1.4. The Kattack boat tracking and related services provided are for recreational purposes only.

Kattack does not guarantee the delivery of data and/or information. As this service is for recreational use only, **neither Kattack nor MYC assume any liability for material damage or personal injury or death sustained in conjunction with a boat using the Kattack tracking service.**
