

Macatawa JO's 2029 NOR amendment 9/10/20

Paragraph outlining safety protocols pertaining to masks is amended to read:

**Masks:** It is required that participants, including coaches, parents, chaperones **wear a cloth face covering at all times** while on the MBJA premises. Sailors in singlehanded boats may remove their masks on the water. It is ~~recommended~~ **required** that sailors in doublehanded boats continue to use their masks on the water unless sailing with a member of their immediate household. Sailors should be prepared to put a mask back on should they need to board a coach, committee, or safety boat for any reason.

Wording is amended from **recommended** to **required** for masks worn in doublehanded boats (where 6 feet of distancing is not possible) due to issuance by Michigan's governor of Executive Order 180 issued on 9/9/2020 at 6:15pm clarifying mask requirements for training, practicing, competing in organized sports.
