

## 2021 Lido 14 Class Championships Regatta (CCR) Qualifying Series

Fri Aug 20, 2021

This document is not the official results. The official results are those posted on <https://mbyc.org/index.cfm?ID=119&Action=VR&RaceResult=11556>

The Qualifying Series is used to reduce the number boats on the starting line to a quantity appropriate to the venue by dividing the entrants into two flights: Gold and Silver. Assignment to the Gold and Silver Flights for this event was based on the results of the Qualifying Series plus automatic assignment of "Two Day" entrants to the Silver Flight (see the Notice of Race). The original intent was to assign the top 50% of the list below into Gold Flight and the balance of entrants, which included "Two Day" boats that did not compete in the Qualifying Series, into Silver. The published Sailing Instructions reflected that intent however the race management team subsequently recommended that the flights be more evenly divided; the Sailing Instructions were amended at the regatta to provide for that. See the results for the Championships for Gold and Silver flight assignments.
