

# NOTICE TO COMPETITORS

## 75<sup>th</sup> Mercury Class National Championship

August 27-29, 2021

Hosted by Stillwater Yacht Club

1576 Cypress Drive  
Pebble Beach, CA 93953

### **Subject: Boat Weighing**

The Organizing Authorities are concerned that if there are a significant number of boats that need to be weighed on Friday it will significantly disrupt the launching process and delay the start of the regatta. In consideration of this concern, MCYRA's Chief Measurer has approved the following policy:

Boats that do not have a valid weight certificate by the end of the day on Thursday will be granted a conditional waiver to compete in the regatta. Any boat that receives a waiver and finishes in the top five in the Gold Fleet and/or the top three in the Silver Fleet will be subject to protest by the Race Committee and may be disqualified by the Protest Committee unless they obtain a valid weight certificate on Sunday at the conclusion of the regatta.

The Organizing Authorities are hopeful that all boats that need to be weighed can do so on Thursday. If you can assist us by arriving early on Thursday it will be very much appreciated. Remember that Stillwater Pier will be off limits as of 1700 hours Thursday evening.

Questions can be directed to Richard Clark, Regatta Chairperson at (831) 595-2208 or [dnjclark@comcast.net](mailto:dnjclark@comcast.net)
