

## **PERRY CUP OFFICIAL NOTICE—December 9, 2021**

In an email to the Class prior to the December 4 Perry Cup racing (also posted on the Mercury website), it was stated, “For entry into the club before and after racing, proof of vaccination will be required. (Masking will not be required.)”

After racing on December 4, one Mercury skipper and his crew, neither of whom had provided proof of vaccination, entered the club bar area. The club manager and bartender asked them to leave the premises, which they did.

Going forward, failure of a competitor to provide proof of Covid-19 vaccination before entering Monterey Peninsula Yacht Club shall be grounds for disqualification from the 2021-2022 Perry Cup Series.

Competitors (and their guests) who have already provided proof need not do so again; those who haven't and wish to enter the club may do so via a scanned vaccination record, sent to [patti.mcaleer@gmail.com](mailto:patti.mcaleer@gmail.com). Alternatively vaccination records may be checked in person on the MPYC deck from 0900 to 1100 on January 8 or February 5. (Note: Vaccination information will not be retained—only the fact that the record was shown will be noted.)
