### CLASSIFICATION

Dear Sailor

World Sailing is currently migrating systems ahead of the imminent launch of our brand new website. The new site will improve the process for requesting a classification, making it more user-friendly and efficient. If you require a classification in the meantime, please download the [classification form](#). Please email the completed form to [classification@sailing.org](mailto:classification@sailing.org). Due to the volume of requests, it is important to apply a minimum of 10 days prior to your intended date of participation.

Thank you for your patience and understanding while these changes are implemented
