

## Logistics Information

### FWSA Rainbow Regatta 2022

On behalf of the Dinghy Dames and the Mainsheet Mamas, welcome to the 2022 FWSA Rainbow Regatta. In an effort to make sure you have a great time and to cut down on confusion I want to go over some important logistics information. Please read it carefully. A labeled map has been included with these instructions as a reference for you to familiarize yourself with Davis Island Yacht Club and surrounding area.

**If you have questions while you are on the property, please look for someone in a safety vest and they will help you.**

#### **Security:**

All boats and trucks arriving on Monday should be left overnight within the gates of Davis Island Yacht Club which is locked at night. Should you arrive after 9:00pm the gate will be closed and you will need to park outside the gate and your trailer should be properly secured. The day of the event, there will be accommodations to hold your individual keys while you are sailing.

#### **Parking:**

**Sunfish:** There will be parking attendants, wearing brightly colored safety vests, on-site to provide direction when you arrive. Sunfish will be staged and launched on the point **area B** (see Map). Unload your sunfish on to your dolly and place on the point as directed. Please quickly move your trailer to **area L** (See Map) and LOCK the tongue of your trailer. Place a tag on your dolly with your sail number so we might have it readily available for you when you return to the launch area post racing. Tags may be acquired at check in.

**Pram/Opti:** Competitors arriving on Monday/Tuesday, please proceed to **area M** (see Map). There will be parking attendants, wearing brightly colored safety vests, to guide you. Park your trailer/truck in **area M**. Prams/Opti's can be unloaded and moved to **areas F & H** (see Map). If possible, we will have you unload closer to **areas F & H**. Please, place a tag on your dolly (labeled with your club affiliation) so we can efficiently assist with dolly retrieval post racing. Tags can be acquired at check in.

#### **Individual Vehicles:**

All inside vehicle parking, **area J**, is first come, first serve. Once it is full inside the main gate, **area K**, you will need to park outside the main gate. All participants that are not DIYC members should park in **areas J and L** (See Map). Unless you are a DIYC member you CANNOT park beyond **area P**.

**DO NOT park in front of any boat within DIYC or your car can be towed.**

**Bathrooms:**

There are three-bathroom areas: One in the DIYC Pool Bath House with three toilets in **area E** (See Map), one with five toilets in **area A** (See Map), and one Porta Potty in **area O**. Note: Bathrooms for the men are in the same area.

**Showers:**

There are three showers located in the DIYC Pool Bath House in **area E** (See Map). Please be considerate of others and shower quickly after sailing. Note: Showers for the men are in the same area.

**Trash:**

There are multiple trash and recycle cans located around the property. Please ensure you dispose of your trash in one of them and not on the ground.

**Launching/Retrieving Attendants:**

There will be attendants on the Point and Pavilion beaches **Area D and G** (See Map) to help you get launched and retrieve your dolly. They will also be there when you return to hand out dollies. NOTE: You will be given a tag at registration to write your sail number on. Please attach it to the handle of your dolly so it is easy for the attendants to identify your dolly. Pram/Opti dollies need to label their tag with club information and attach to the dolly.

**Boat Washing:** Several boat washers will be on land near the Point and Pavilion beaches **Area D, I, G and H** (See Map) to help facilitate washing your boat. There will be attendants there to move you in the right direction. Please move through these wash stations as quickly as possible so we can get all the boats washed and ready to load.

**Boat Loading After Sailing:**

**Sunfish:** Since there will be a lot of congestion inside the DIYC Point after sailing there are a couple of options for loading your boats:

- 1) You can drive your trailer through DIYC gate to **area B** (See Map). Parking attendants will be available to help facilitate parking your trailer so you can load your sunfish.  
**Please do not drive trailer to area B until it is completely ready to load.**
- 2) You can take your boats on a dolly to **area L** (See Map) where your trailers are parked and load your sunfish.

**Pram/Opti:** You will proceed out of the wash stations to where your truck/trailer is parked to load your boats. Pre-race staging **areas F & H** may be utilized as needed prior to loading boats into trucks/trailers.

Again, it is a pleasure to be your hosts this year. Have a safe and fun time.

Pamela Treloar  
Dinghy Dame  
Rainbow Logistics Coordinator

**P.S. BRING DRINKING WATER IN REFILLABLE BOTTLE AS WE ARE A GREEN YACHT CLUB.**
