

2022 DISC KISS Series Sailing Instructions Amendment 1: 21 July 2022

DISC Courses using government marks are amended as follows:

If a numeral is used in front of a course letter, the numeral determines the number of roundings of the furthest mark.

For example:

Course 2C is Start-2-6-2-Finish

This is two roundings of the furthest mark (R2).

If there is no single letter designation (only 2C listed) on the course list, and a different numeral is placed in front of the "base course" (C), then that number of roundings will be used.

For example:

Course 3C is Start-2-6-2-6-2-Finish

This is three roundings of the furthest mark (R2).
