

Governor's Cup 2022 – Event Schedule

The information is intended for the 2022 Governor's Cup only.
Sailing Instruction & Notice of Race are posted on the LLSC website.

The Governor's Cup -Triple Crown Event

- The Governor's Cup is the first regatta to be scored in the Triple Crown Series.
- In order to win the Triple Crown for 2022 – A skipper must win the fleet race in the same fleet in each of the qualified events – Governor's Cup – Firecracker Cup – Commodore Cup.
- Divisions / Fleet Split are therefore set for all 3 qualifying events – fleet splits are listed in the Sailing Instructions 20.4.

Explanation: Division/Fleet Splits – Example all Centerboard boats will be started as 1 fleet. If the start is a mixture of different boats, race committee will use the handicap rating to determine the winner of each race. Multiple races are planned for each qualifying event for each fleet. However, if only one (1) race is competed it will be used to determine the winner of the event.

In order to win the Triple Crown, a skipper must win all three events in the same division/fleet in the same boat type. Example if the skipper wins the Centerboard in a Laser the skipper must win all other qualified events in a Laser.

If you are unsure of anything regarding this event, please attend the skippers meeting.
