This mark shall be left to **STARBOARD**. (Please be mindful that the **North End RC boat is provided by a volunteer and effort should be made to avoid colliding with the North End RC boat.**)

If a race participant needs to contact Vessel Traffic Service (VTS) they should use VHF Channel 14 if contact cannot be made on Channel 16.

APPENDIX A – RULES FOR CRUISING FLEET BOATS

A PHRF – Cruising Fleet with a PHRF Non-Flying Sails Class and a PRFH Flying Sails Class is offered. Vessels sailing in these classes are required to have a current PHRF membership. Vessels sailing in these classes cannot participate in the series team competition and are not eligible for any series awards.

A Non-PHRF Cruising Fleet consisting of a Non-Flying Sails Class and Flying Sails Class is offered. Vessels sailing in these classes are not required to have a current PHRF membership. Vessels sailing in these classes will be scored where they finish with no time corrections based on a rating.

Cruising Fleet Class Boats must comply with all other applicable sailing rules and regulations.

Flying Sails: Boats may fly such sails as spinnakers, mizzen staysails, streakers, drifters flown from their own temporary stays, etc.

Non-Flying Sails: Boats must use working sails only: attached by their luff to permanent stays or spars. Not less than 90% of the luff length must be attached to the permanent stay or spar with not less than eight (8) snaps or sail track slides distributed evenly along the luff; or, alternately, attachment may be by a luff-rope groove. Only one (1) working sail luff may be attached to each permanent stay or spar.

Only one sail may be used forward of the main mast on Sloops, Cutters, Yawls, and Ketches unless the yacht is specifically rated for carrying additional sails. When changing jibs, the “up” – hoisted – jib must be fully lowered to the deck before the replacement jib is raised. Before lowering the “up” jib, the replacement jib may be hanked on the forestay, or started in the second headfoil groove up to five feet above the deck. The second halyard may be attached before lowering the “up” jib. Jibs may NOT be attached to temporary or detachable stays. NFS ratings exclude such sails as spinnakers, mizzen staysails, streakers, drifters flown from their own temporary stays, etc.
