

75th Annual Labor Day Regatta September 2nd – 3rd, 2023

GREEN FLEET SAILING INSTRUCTIONS

Opti Class Philosophy: USODA is a teaching class and GREEN FLEET is its introductory fleet for novice sailors. The Rules of Sailing are important and taught but learning to race while having fun is equally stressed. These sailing instructions are structured within The Racing Rules of Sailing to provide a flexible, less structured and less formal racing environment. Green Fleet is not *always* scored. All participants receive participation awards. While race placement and progress may be tracked, who places first is less important than learning, improving, and having fun along the way. Parents and competitors who are looking for a more competitive environment should consider the Championship Fleet red, white and blue racing divisions.
