

## Amendment to the Northern Century Notice of Race

July 24, 2023

The category of safety requirements per US Sailing 2023-2024 SER is changed to ***Nearshore***. While there is certainly a substantial amount of night sailing in this race, it is in relatively protected waters at all times. Most of the race course is in close vicinity to protected harbors in the San Juan Islands, and in close vicinity to other boats able to render assistance in an emergency situation.

Many of the items in the category of ***Coastal*** are recommended, but the list is deemed to be excessive for the conditions presented in this race.

SER Nearshore: [Monohull SER Nearshore](#)

SER Coastal: [Monohull SER Coastal](#)
