

## **J/111 North American Championship 2024**

### **NOR Amendment #2**

**1 Sail inventory minimum.**

A minimum of 1 Mainsail, 1 Headsail, and 1 Asymmetric Spinnaker shall be carried on board during this event. This changes the requirements as to Class Rules, Sails, Limitations (C10.1.(b) 2021-01-01). Carrying a heavy weather jib or storm jib is not mandatory for this event.

**2 Sail certification**

It is critical that sails have been correctly certified by the manufacturer to avoid unnecessary delay during measurement. All certification and measurement will be processed in the LAYC Clubhouse at 285 Whalers Walk, San Pedro, CA.

**3 Extending measurement Mon, Tues, Wed – June 3, 4, 5**

LAYC is prepared to accommodate the first three days of the week if this helps, but only if competitors alert us of their needs before these dates. Contact David Collins at [davidcollins@mindspring.com](mailto:davidcollins@mindspring.com)

**4 Entry Fee**

The entry fee will remain at \$1,200, with entries closing on June 1<sup>st</sup> at 2000 hours. This changes NOR 2.2.
