STARBOARD Finish Line End (waypoint)    **32°37.33'N    117°14.40'W**

14.2 The YB Tracker is designed to transmit a LAT/LON and PDT time when it crosses the finish line. This data will be used to determine a boat's finish time.

14.3 In addition to the data provided by the YB Tracker, all boats are required to document the moment they cross the virtual finish line with a legible photo or screen-shot of navigation equipment showing finish time generated from GPS in PDT, and finish LAT/LON of their vessel as proof of time/location of their estimation of finish.

14.4 All Boats are required to submit their finish LAT/LON photos, including photos as soon as possible, but not later than 2 hours after docking and no later than 0800 on Sunday, April 27, 2025.
