

The 71st Mug Race, 3 May 2025

Fifty-eight boats started the race and 56 finished (one retired, and one did not finish before the cutoff time). That's the highest fraction of boats finishing that anyone can remember. Given the afternoon's fluky winds and rain squalls, all competitors can be proud.

The Tall Ships Race (north of Shands Bridge for boats with masts over 44 feet) had 15 entrants and 8 finishers. They had to sail upwind and up current for the first part of their race.
