Amendment #1 to the Sailing Instructions

1) Delete SI 18.2 and replace with the following:

18.2 Non-Spinnaker offsets may be used.

Reason:

- To align with amended NOR 7.3 “Non-Spinnaker offsets may be used. Use of the Non-Spinnaker offset rating shall be declared prior to the first race of the series” allowing Race Committee to combine Spinnaker and non-spinnaker boats into one mixed class.
