2026 Catalina 22 National Championship

Attachment D – Guidelines

For Silver Fleet

The purpose of the Silver Fleet is to create an inviting opportunity for Catalina 22 sailors with minimal racing experience to participate in the Catalina 22 National Championship Regatta at a competitive level.

Most competitors who have sailed/raced on other types of boat may want to consider registering in the Gold Fleet.

- Inexperienced and new competitors might want to consider Silver Fleet
- Competitors to include Skippers and/or Crew that **have not** previously won in Gold Fleet at a National Regatta may want to compete in Silver Fleet
- Experienced skippers are encouraged to register in the Gold Fleet
- Competitors that have consistently finished in the top positions in the Silver Fleet are encouraged to register in Gold Fleet
- Experienced/competitive skippers from any One Design or Handicap fleets are encouraged to register in Gold Fleet
- Skipper and/or crew with physical or health limitations may choose to race in the Silver Fleet

NOTE - Rules Committee New Ruling

Old Ruling 15: A head foil on the forestay is prohibited.

New Ruling 15: A head foil on the forestay is prohibited in the Gold Fleet of National, Regional, and State Championship regattas. These and other sanctioned regattas may allow a head foil as a component of a furling system by making provision to place such entries in a Silver Fleet. Only one headsail may be hoisted on a boat with a multiple track head foil system while racing. C22 Spinnaker National Championship Regatta entries may include Silver Fleet entries with a head foil.

Effective Date: The date for implementation of this rule modification is ahead of the 2024 National Championship Regatta.
