Event Scoring Adjustment

All ORC-A & B Class Racers:

We discovered a 'glitch' in the Regatta Network System scoring system for class C and a data entry issue in class A and the results have changed.

ORC-A: *Nextwave* was scored 10 mins faster by mistake. The skipper, in fine Corinthian style, advised the scorer and those results are now correct in RNS.

ORC-B: *Patriot* and *Dreamline* were tied for 6th and 7th place yesterday. According to the RRS A7 Scoring, they should be awarded 6.5 points each (6th & 7th equals 13, divided by 2). The glitch is awarding a 5.5 point. The results have also been updated.

Here are corrected standings. If you have a trophy for an incorrect place, please contact your fellow racers or Brad Alberts to get them resorted. Thanks for your patience as we get things corrected — and great Corinthian Attitude!
