

NEWPORT TO ENSENADA
INTERNATIONAL YACHT RACE

"ON COURSE TO 80 YEARS OF RACING"

December 18, 2025

NOSA Communications to the Yachting Community

On Course to 80 Years of Racing

When a confluence of two rivers occurs, it creates a larger, more vital river. In that same spirit, NOSA's *"Back to Its Roots"* decision to return Race Headquarters, celebrations, and trophy presentations to downtown Ensenada creates renewed energy and expanded opportunity for the Newport to Ensenada International Yacht Race (N2E). This evolution honors tradition while opening the door to a more vibrant, accessible, and celebratory experience for racers, crews, and the broader sailing community.

Clarifying Our Marina & Hospitality Partnerships

It is important to address this clearly and directly, this move does **not** reflect any change in NOSA's long-standing and valued relationship with the **Hotel Coral & Marina**.

Hotel Coral & Marina remains a key partner for N2E participants and continues to offer:

- NOSA discounted hotel rates
- Slip availability for race participants
- A proven marina environment familiar to returning racers

The Director General of the Coral, in his capacity as **President of ProTurismo Ensenada**, has been fully supportive and actively engaged in NOSA's return to downtown. NOSA values this partnership and will continue working collaboratively with the Coral as part of the overall N2E experience.

It is also important to note, there will be **no change to the race course or the finish line** for the 2026 Newport to Ensenada International Yacht Race.

Marina Options for N2E Participants

Ensenada Cruiseport Village Marina (ECV) – Downtown

To support expanded participation and improved arrival efficiency, Ensenada Cruiseport Village Marina (ECV) is offering N2E participants:

- Special N2E-discounted slip rates
- A **“Pay 2, Stay 3”** promotional offer
- **60 slips available** accommodating vessels up to 135 feet LOA
- Capability to dock vessels up to **510 feet LOA** by special arrangement

For 2026, ECV will serve as the **primary processing location** for arrival, departure, and TIP paperwork. The marina's established systems for immigration and customs – supported by assurances from regional port authorities – are designed to ensure a streamlined and efficient clearance process for race participants.

Hotel Coral & Marina – Established & Proven

Hotel Coral & Marina continues to provide:

- Slip availability for N2E participants
- NOSA-discounted hotel accommodations
- A familiar, full-service marina environment

For participants staying at the Coral, **shuttle service will be provided** to and from the Cruiseport Marina to complete required arrival and departure processing. This ensures full access to downtown activities while preserving flexibility in marina and lodging choices.

Marina Reservations & Processing

ECV has implemented an **online reservation system specifically configured for N2E participants. Reservations are now open.**

Participants may reserve slips via the QR code on the official flyer or by using the following link: <https://hutchisonportsecvmarina.com/site/reserve>

Slip confirmation requires submission of all required documentation in advance to comply with Port Authority procedures. This step is essential to ensure a smooth and timely arrival process.

For telephone assistance with ECV reservations, participants may call **+1 (877) 219-5822**. The ECV team will assist with the reservation process and provide guidance on submitting required documents by email.

Hotel Coral & Marina

Slip reservations at the Coral Marina can be made on their website at <https://www.hotelcoral.com/our-marina>

Riviera Civic & Cultural Center – Race Headquarters

In 2026, N2E Race Headquarters, trophy presentations, and all official celebrations will take place at the **Riviera Civic & Cultural Center** in downtown Ensenada.

Originally built nearly 100 years ago as a hotel and casino, the Riviera welcomed Hollywood's elite and remains one of Ensenada's most iconic landmarks. **Bar Andaluz**, located at the Riviera, is widely recognized as the birthplace of the margarita.

A detailed schedule of events to be held at the Riviera, as well as pre-race events in Newport Beach, will be published in the coming months.

Hotel Options – Downtown & Beyond

To support a wide range of preferences and budgets, NOSA has negotiated **discounted hotel rates** at multiple properties, including:

- **Downtown hotels**, such as the **Corona Hotel & Spa**, located directly across from the Riviera and adjacent to ECV
- **Hotel Coral** and **Hotel Punta Morro**, offering accommodations outside of town
- Additional downtown hotels available to N2E participants

These options allow racers and crew to choose between proximity to downtown festivities or a quieter marina-based stay, while still benefiting from NOSA negotiated savings.

To receive discounted rates, reference **NOSA 2026** when booking.

The full list of participating hotels and rates is attached and is also available on the NOSA website under the *Resources* tab.

NOSA will continue to provide updates on events, logistics, and additional opportunities as planning for the 2026 Newport to Ensenada International Yacht Race continues.
