

2026 Around Catalina Race

Saturday, February 7, 2026

Amendment #1

1. LAYC Race Committee has decided to include an alternative shorter course for the Around Catalina Race.
2. This alters both the NOR and the SI. However, as both these documents have been published and cannot be changed this amendment (#1) will serve to detail the shorter course.
3. NOR 3 The entry fee remains \$75.00 for both A and B Classes. See NOR 3 for further details. If a yacht is to race non-spinnaker, then that is the PHRF rating to enter on the registration form.
4. NOR 4 and 5 are unaltered.
5. SI 3 is changed. The starting sequence will now include a second start for Class B, flag "B", which will start at 1205 pm, five minutes after the A fleet. The start for Class A shall be the warning for Class B. The course is to leave Catalina Island to port and finish inside Catalina Harbor. The distance for TOD is 28.5 miles.
6. **The finish for Class B is inside Catalina Harbor at the Coast Guard Buoy.**
7. Leave the Coast Guard Buoy to port and email or text the finish time with an image of the GPS showing lat/long and time to the PRO, David Collins at davidcollins@mindspring.com or text with the image (310) 310-4914.
8. To be allocated a mooring in Catalina Harbor please use VHF Channel 9.

9. Do not sail through the anchorage, power only. This class could go ashore for dinner and will be welcome on Sunday afternoon at the party and trophy presentation in the LAYC clubhouse in San Pedro. This winter the clubhouse has been beautifully restored and upgraded and remember we now have the LAYC long dock to offer to competitors with advanced notice. Please contact (310) 831-1203 to reserve space.
