

Arrival & Departure plan

Rainbow Regatta 2026

CCSC Hours

CCSC's general hours are 9-5. For the days of this event competitors are welcome to arrive starting Sunday April 26 at 9am. For those arriving the day of the event on Monday April 27 competitors can arrive as early as 7am. For competitors arriving outside of these hours please coordinate with mateo@sailclearwater. If you want to arrive days in advance or leave boats past Monday you may have to pay transient storage rates

Launching and berthing

Sunfish will be launched from the main yard and the beach pen. This is dependent on number of participants. Please respect the space and try and keep sunfish on the grass in the mainyard/ in the middle of the beachpen area. We require the use of the driveway to help launch safety boats.

Coach boat/spectator boats

Shall be launched and retrieved at Belleair Boat Ramp:

Belleair Causeway Boat Ramp 541S Belleair Causeway Largo, FL 33770

-CCSC does not have docks. These boats cannot berth at CCSC please coordinate with CYC as their docks have transient slips.

-Please do not plan on pulling coach boats at CCSC after the event. Make plans to pull boats from Belleair boat ramp. Launching a large amount of coach boats over a week is not easy for the staff, and we cannot retrieve the same amount of boats in one evening. Belleaire boat ramp has about 20 ramps so it guaranteed to be faster to pull your boat there.

Trailers

-Shall be kept in CCSC's gravel lot until it reaches capacity and parking in the overflow parking lot is necessary. Please keep a corridor open in the middle of sand key lot so the overflow lot can be accessed by from the east. location of each lot is shown below. We will have the gates for these lots open during business hours.

-Please do not park your boat trailer in car parking spaces in the main parking lot. We want finding car parking each morning to be easy for everyone. Trailers in car parking will be moved to Sand Key lot by regatta staff. Give yourself the advantage of knowing where your trailer is Sunday afternoon and take it to Sand Key lot yourself directly after launch.

-If you require trailer storage outside of event days (April 26-27) please coordinate with mateo@sailclearwater. You will be subject to daily storage rates.

Please do not load, unload, or park near the entrance of Sand Key Park.

-Arriving sailboat trailers can unload on the beach or in our parking lot. Before promptly taking the road trailer to

CCSC's gravel lot/ Sand Key Lot. Exit sand key lot through sand key park to avoid traffic backups on the narrow beach road.

-During departure we encourage you to retrieve your trailer by entering Sand Key Park's main entrance so the narrow beach road can remain one way heading south. A fire lane must be always kept open during departure.]

Storage after the event

Post event we are happy to store equipment and offer great rates. Please do not leave anything at CCSC without signing a storage contract. Every year we spend valuable resources on identifying abandoned boats.
