The course will be further described and may be modified in the Sailing Instructions.

**Coordinates for Redds Light per Navionics:**

**36° 42.771' N \* 88° 4.871' W**

**Due to submerged navigational hazards in several areas along the west side of the lake which includes this race course, it is strongly recommended that you monitor your navigation charts and instruments carefully.**

Any boat impeding the passage of a right-of-way vessel is subject to protest by the race committee or the protest committee. Shallow water and underwater structures, particularly on the west side of Kentucky Lake, should be avoided. The use of up-to-date charts and/or Navionics should be used for navigation.
