

Butterfly Nationals 2014

Where to stay - Where to eat - What to do

Things get really busy in Glen Arbor in mid-summer. So, we strongly recommend that you book your accommodations early. We also have a limited amount of complimentary housing available through GLYC members. If you are interested, contact Chris@teaandspice.com. The websites below provide a great deal of information about places to stay and what to do in the area. We sincerely hope you decide to extend your stay and make a vacation out of it!
