2014 PSA COMMODORE'S CUP
Notice of Race

The Piscataqua Sailing Associations Commodore's Cup Trophy recognizes top performances in the five Summer Regattas, run by Kittery Point Yacht Club and Portsmouth Yacht Club for the Racing and Cruising Class. These regattas are:

> July 12th.................... **Ron Gibbons Memorial Regatta**
>
> August 9th.................. **Whaleback Regatta**
>
> August 23rd................ **Lobster Double Handed Regatta**
>
> September 6st........... **Single Handed Regatta**
>
> September 13th.......... **Dave Mowers Memorial Regatta**

Rules: Your best three regatta finishes will count toward the "CUP". The three finishes must be in one class, Racing (spinnaker) or Cruising. The class is determined by your first race declaration by the yachts skipper. A yacht may later race in another class by declaring so to the race committee before the start. There results will not count toward the cup, but will count for individual regatta awards. There will be two throw-outs and the best three finishes will determine the final score. In the event of a tie the throw-outs will be counted to determine the tie breaker.

Three yachts in each class must race in order for the race to count as a Commodore's Cup qualifier. If three yachts are not present in the class the race will be only scored for the majority class. The minority yachts scores will not count for that regatta toward the "CUP" or in any tiebreaker.

Yachts not racing in a minimum of three Regattas, results will not count toward the "CUP". Other yachts results will move up at the end of the season.

Entry Fee: There will be a onetime entry fee of $35.00 to participate in the Commodore's Cup Series Races. One Registration automatically registers the boat for the entire series. The fee is the same if the boat races in one or all of the series races. Register on line by clicking the link: **Porsche Audi of Stratham Commodore's Cup**

Awards: Presented at the annual awards banquet.

1st. 2nd. 3rd. Racing Class
1st. 2nd. 3rd. Cruising Class
